

Querencia in Action

Free Post-Fire Land Restoration Workshops

Managing burned forests:

- Should you cut down your burned trees?
- How do you deal with bark beetles?
- Can burned trees survive?
- Can burned trees be chipped for mulch?
- Which tree species are best to plant?

Saturday, Aug. 20

**Meet at 8 a.m. at Rociada Fire Station,
278 State Route 105.**
